

POOL ENTRY SYSTEMS

ADVANTAGE ACCESS SYSTEM™ & THE GREAT BARRIER LADDER™

Advantage Access System™

Lomart's Advantage Access System™ is an exciting, pool entry system designed to offer an efficient and convenient way to enter or exit an above-ground pool. Much more than a standard pool ladder, the Advantage Access System™ allows pool users to sit comfortably on the in-pool steps for relaxation, or to keep a watchful eye on swimmers. The entry system that does it all.

QUALITY FEATURES INCLUDE:

- Rugged, molded resin construction for corrosion resistance and maximum durability.
- Chemical resistant for enhanced product longevity.

Model No: 1-7999-006

- **Huge, 36" wide stairs and platform** allow swimmers to sit comfortably while others enter or exit the pool
- **In-pool and exterior applications.** The Advantage Access System™ is available as a complete interior/exterior unit or, a deck option.
- **Custom, non-skid design** reduces the chance of slippage, allows for comfortable seating and helps prevent snagged swimsuits.
- **Stylish appearance** to compliment both the pool design and any exterior setting.
- **Stainless steel handrail** for easy pool entry and exit.
- **Easy-to-assemble design.** Installs quickly with a common screwdriver.
- **Vented, safety side panels** prohibit access under the staircase. In addition, the side panels prevent pool cleaners from getting entrapped while allowing water to circulate through the staircase.
- **Snap-locking, exterior staircase cover** to reduce the risk of unwarranted pool entry. Ideal for added security.

The Great Barrier Ladder™

FEATURES/BENEFITS:

- Available in "A" frame and deck configurations.
- Specially designed, swing-up treads includes self-locking pin system which secures the ladder, discouraging unauthorized pool entry.
- Extra heavy-duty resin construction for maximum durability, pool chemical resistance, and protection against damaging solar rays.
- Minimal hardware allows for easy assembly.
- Secure handrails bolt to the top rail for greater stability.
- 17" molded treads/platform are skid-resistance.
- Inside and outside treads are adjustable for decks and patios

Model No: 1-7177-006

"A" Frame Ladder

A secure way for friends and family to enter or exit the pool. Designed for above-ground pools with 48" to 52" sidewalls. Available in "A" frame and deck ladders.

Model No: 5-7852-006

Change of Design: All sizes, weights, measurements, illustrations and other specifications are approximate. Lomart expressly reserves the right to change or modify the design and construction of any product in due course of our manufacturing procedures without incurring any obligation or liability to furnish or install such changes or modifications on products previously or subsequently sold. Lomart Industries is in no way affiliated with any professional pool installer. Therefore, Lomart can assume no responsibility for errors in installation by the homeowner or said professional pool installer. If you have the pool installed by others, please supervise to be sure they comply with proper installation techniques as shown.

Important: Misuse of your pool may result in crippling injury and/or other dangers to life and health. Do not dive or jump. Do not use slides, diving boards, or any other platform or object which can be used for improper pool entry. Use only an above-ground swimming pool ladder to enter or exit your pool. It is your responsibility to secure your pool against unauthorized, unsupervised or unintentional entry. Always obey all safety rules. Remember, pool safety is everybody's responsibility.
